Re: Wines Staffing Updates

I am pleased to welcome Aaron Pothier back to the Wines Team having recently returned from paternity leave. Effective immediately, Aaron has resumed his role as **Acting Product Manager, New World Wines**. Aaron joined us from Location Analysis in May 2016 and quickly became a valued member of the Wines Team. Aaron can be reached at 416-864-6868.

As previously announced, Courtney Allison, who was covering off Aaron's duties in his absence, has rejoined the Spirits Team as the Acting Product Manager for Ready-to-Drink and Accessories. I would like to thank Courtney for her numerous contributions over the past two months and wish her the best of luck in her new role.

Thank you for your continued support during this transitional time.

Sincerely,

Marie Cundari

CC: Carolyn O'Grady-Gold
