Note regarding tax calculation on packages:

The on-line supply of data represents a supply of intangible personal property (IPP) for GST/HST purposes. Under the Canada Revenue Agency place of supply rules, the place of supply of IPP that has no geographical restriction on use is generally the address of the recipient of the supply. LCBO charges GST or HST on the online supplies at the appropriate rate depending on the address of the customer.

With respect to the administration fee charged to the customer if the subscription information is not received by LCBO within the time specified in the agreement, these charges will be treated as additional consideration for the online supply of data and therefore taxable, the same as the on-line supplies described above.
