

LCBO

Setting up Authentication options and using Self-Serve Password Reset (SSPR) for WHOLESALE users

January 20, 2024

SELF-SERVE PASSWORD RESET (SSPR)

The LCBO is modernizing its technology and investing in cybersecurity to protect the LCBO and our valued wholesale customers.

As a result, we are phasing out our existing ServiceNow password reset tool and transitioning to the Microsoft Self-Serve Password Reset (SSPR) and account unlock tool. Microsoft's tool is easy to use and provides additional security features to protect your account.

THIS GUIDE WILL HELP YOU:

- Set up multi-factor authentication [to confirm your identity](#)
- Navigate the new password reset tool
- Reset your password
- Unlock your account

Phone ×

Verification complete. Your phone has been registered.

You have successfully registered your mobile number to receive notifications for authentication.

NOTE: You only need to set up this authentication method once

HOW TO USE THE SSPR TOOL TO RESET YOUR PASSWORD OR UNLOCK YOUR ACCOUNT

You will need your mobile device and your desktop / laptop to perform these steps

1. Click [here](#) to access the Self-Serve Password Reset tool page.
You may also type this address into your browser to access the password reset page: <https://passwordreset.microsoftonline.com/>
- 2a. Enter your @LCBO.com email
- 2b. Enter the CAPTCHA characters into the field and click Next.

The screenshot shows the Microsoft account recovery interface. At the top, it says "Microsoft" and "Get back into your account". Below that, it asks "Who are you?". A message states: "To recover your account, begin by entering your email or username and the characters in the picture or audio below." There is a text input field for "Email or Username: *". Below it, an example is provided: "Example: user@contoso.onmicrosoft.com or user@contoso.com". The CAPTCHA challenge consists of a picture of the characters "DKG" and "GDK" and an audio player with a speaker icon and a refresh icon. Below the CAPTCHA is another text input field with the instruction: "Enter the characters in the picture or the words in the audio. *". At the bottom, there are two buttons: "Next" and "Cancel".

3a. Click 'I forgot my password.' Click Next.

Get back into your account

Why are you having trouble signing in?

I forgot my password

No worries, we'll help you to reset your password using the security info you registered with us.

I know my password, but still can't sign in

This might happen because you tried signing in with an incorrect password too many times.

If you choose this option, you'll keep your existing password and we'll unlock your account so you can sign in again.

3. You can choose between receiving a code via text or receive a call from Microsoft to authenticate your identity with your authentication registered mobile device

Get back into your account

verification step 1 > choose a new password

Please choose the contact method we should use for verification:

Text my mobile phone

Call my mobile phone

In order to protect your account, we need you to enter your complete mobile phone number (*****07) below. You will then receive a text message with verification code which can be used to reset your password.

647 [redacted]

Text

Option A: Receive a code via SMS from Microsoft

OR

LCBO

Get back into your account

verification step 1 > choose a new password

Please choose the contact method we should use for verification:

Text my mobile phone

Call my mobile phone

In order to protect your account, we need you to enter your complete mobile phone number (*****07) below. You will then receive a call. Please answer it to continue.

Call

Option B: Receive a call from Microsoft and authenticate by following the prompts

4. **OPTION A.** If you chose the 'Text my mobile phone' option, a one-time passcode will be sent to your authentication registered mobile device via SMS

LCBO

Get back into your account

verification step 1 > choose a new password

Please choose the contact method we should use for verification:

Text my mobile phone

Call my mobile phone

In order to protect your account, we need you to enter your complete mobile phone number (*****07) below. You will then receive a text message with a verification code which can be used to reset your password.
